Message from the Managing Director

From Seed to Triumph

Every journey of success begins with a single step, and every huge tree was once a tiny seed. It all depends on how well it was nurtured over the years. Congratulations to all our students of Techno India Group Public Schools for coming out with flying colours in the board examinations. They are the builders of our future, and I have faith in each of them that they will grow up to become global changemakers.

Each success story is a shining testament to a journey of growth – from seeds to triumph – just like a seed carries within it the promise of becoming a mighty tree, our students have nurtured their potential through persistent effort, guided by the unwavering support of teachers and families. Today, as they bloom into achievers, we are reminded that true triumph lies beyond examination marks – in resilience, in growth, and in values.

Wishing this edition of the school newsletter every success in celebrating the spirit of achievement, growth, and inspiration.

Student's Corner

Scoring 93.6% in my CBSE 12th boards means a lot to me. It wasn't always easy—there were tough days, anxiety, and moments of doubt. But I kept going. I'm really grateful for my family, teachers, and friends who supported me throughout. Their constant encouragement made all the difference. This result is a reminder that with support, strength, and consistency, anything is possible.

I've never been the brightest of all but choosing a stream of my choice has helped me beyond the boundaries of obstacles. Further, my school has supported me with its friendly environment and made me learn about important life values of consistency and discipline. This made who I am today.

Soumashree Lahiri

I believe that those who pursue their dreams with utmost sincerity and dedication, they reap their fruits later because success makes you wait. So work hard and leave the rest in the hands of God. Additionally, I would like to thank my parents, sister, teachers for their all time guidance and support.

Manasmita Das

For success we have to remove the concept of 'shortcuts'. Your goal shouldn't be your dream rather it should be your aim as stated by our JEETU bhaiya. Even I have followed this principle and I think it helped me a lot. And the support from parents and teachers acts as a fuel in our journey of being an aspirant.
